

## **Synergy School of Ministry 2017-2018 Class Calendar**

\*\*\*ALL conferences replace what has been previously called “Intensives”. Of course, students may still obtain class credit by completing prescribed assignments. The school year has four “conferences” and eight monthly classes offered between Sept. and May in a calendar year. There are no Monday classes in December OR during the summer. A student must complete twelve courses each calendar year to stay on track for graduation during a two-year period.
